*"Most overnight successes are 20 years in the making."
—Jim Collins*

There is something about discipline being a multiplying factor!

Daniel 6:3-10

Daniel always had favor and always had talent. What differentiated him was discipline.

Daniel tethered his spiritual discipline to two things:

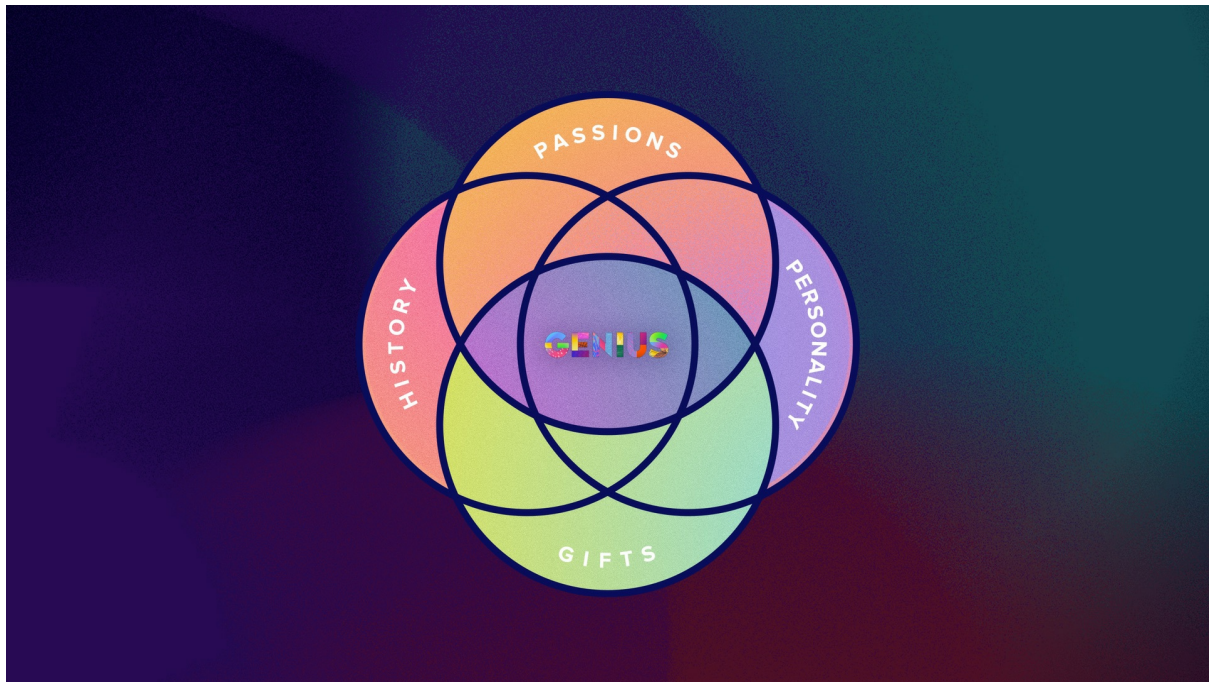

1. PROSPERITY

Daniel decided dedication to the law was how he would prosper.

Maintaining discipline is always easier in community.

1. PROTECTION

Daniel decided his dedication to God was his protection.

Grit = passion + perseverance

Grit = passion for God + perseverance to submit

"May your God who you continually serve be with you."

—Daniel 6:16

Genius is not about outputs, it's about inputs!

If we are submitted to God our discipline is not about self-promotion or self-preservation! It's about allowing the God of the universe to work through us!
